- All rolls are processed in a Fuji daylight film processor using Kodak chemistry by trained photo lab technicians.
- All mini lab prints are created using Noritsu QSS printing systems operated by trained photo lab technicians.
- Each image is color, density, and contrast adjusted and printed using Digital Ice technology to minimize scratches and dust, for the best final print available from your original.
- 35mm film is cut in strips of four unless requested uncut. Develop ONLY rolls are left uncut.
- 120 and 220 film will be left uncut.
- Outdated and heat damaged film does shift in color and contrast. While we make every effort to give you the best image possible, some color shifts cannot be corrected without more extensive digital correction using a program like Photoshop. Please see our section regarding Photo Restoration for more detail on this option.
- Turnaround time for most Develop and Print orders brought in before Noon is 5PM the same day. Orders brought in after Noon will be ready the next business day at Noon. Orders containing more than 7 rolls may require extra time.

-**Custom Printing** is done in our Carson City store by a skilled large format technician.

-**All paper and inks** used are archival. Prints are created using a 44 inch Epson 9400 printer. Canvas prints are coated for UV protection.

-**Turnaround Time** is approximately 7-10 days for orders dropped off in our Reno store. Orders brought to our Carson City store may have faster turnaround times.

-**Ten Minutes of Photoshop** work is included in the price of your order. This time is generally used for color, density and contrast adjustment for optimal printing on our equipment. Blemishes or small scratches may be included or may require additional fees. More extensive clean up or repair is available through our Restoration Service.

-**Gallery wrap canvas prints** are available with solid black or white on the sides. On request we can wrap the edges of the image around the sides or mirror the edges around the sides. **Remember that if you opt to wrap the image it will be enlarged to include the wrap area. This will cause edge details to be turned for the wrap. Be sure there is space around your subject to allow for this.** Mirroring the image or solid color wrap will not cause edge detail to be lost.

Photo Restoration

YES YOUR CLUB DISCOUNT APPLIES TO THIS SERVICE

-**Services** are provided by our partner provider and completed digitally.

-**No work is done to your original image.** Your original never leaves our store and will be returned to you in the same condition we receive it.

-**You will receive** a CD with the restored image as well as **ONE** of the following print package options:

one 8x10 or 8x12 / **OR** / two 5x7 / **OR** / four 3.5x5 or 4x6.

-**Larger print sizes** are available at an additional charge. The included CD can be used to order future prints.

-**A non-refundable quote fee of \$10.00** is required for each image to be restored. This will be applied to the final cost if the order is authorized. We cannot give you a quote at the counter. There is a minimum charge of \$30.00 for any restoration order however the price can be as high as \$300.00 and is determined by the restoration company, based on the work requested and level of detail in the image.

-**ANY order authorized** is non-refundable and should be paid in full when the quote is authorized. This can be done over the phone with a credit card or in the store. In most cases, if you are unsatisfied we can request a rework from the restoration company at no additional charge to you, however if the redo work was not part of the original order, there may be an additional fee.

-**Please keep in mind** that some detail not available in the original due to damage will need to be created by the restoration artist and may not appear as you remember. If there is specific detail you want recreated and it is available in another image, please bring that reference image when you drop off your order.

-**Turnaround Time** for the quote is 24-48 hours. We will call you with the amount at which point you can authorize or cancel the order. We cannot authorize work without your verbal okay on any restoration. **Once authorized by you** most orders are completed in a week, but more extensive repair may take longer.

-**The final prints** for your image will be done in our lab.
